Dear Mr. Eifler:

The United States Environmental Protection Agency previously informed you in a letter dated July 15, 1993, that your facility is unacceptable to receive waste from Superfund response actions.

Information we obtained from the Illinois Environmental Protection Agency (IEPA) about the last Compliance Evaluation Inspection March 22, 23, and 24, 1995, indicated to us that you have no additional violations and all previous violations were resolved through the Consent Order June 1, 1995, with IEPA. Therefore, your facility is now acceptable to receive waste from Superfund response actions.

If you have any further questions, please contact Gertrud Matuschkovitz at (312) 353-7921, United States Environmental Protection Agency HRE-8J, 77 West Jackson Boulevard, Chicago, Illinois 60604.

Sincerely yours,
